Earth Care Fair – Celebrate Earth Day!

Hosted by Westminster's Earth Care Task Force

April 21, 2024 | 10:10–11:00 a.m. | Walton Community Hall

- Bring your old ceramic mugs and stay tuned to see what happens to them!
- Become stewards of back yard habitats. Make a pot, plant a seed, and grow a native plant.
- Learn the importance of bees. Make a home for stem nesting bees.
- Westminster in Guatemala – water filters and stoves – filter a cup of water and see a model of the stoves which save trees by using less wood and reduce indoor air pollution.
- Plant based eats – samples and recipes.
- Plastic bag pollution – ECO Plastics solution.
- Air Quality Quiz – Guess which mode of transportation has the lowest carbon footprint. Vote with beans!
- Make a wind turbine!

*Something for
everyone!*

**Westminster's Earth Care Task Force
will be there to answer questions.**
